

- 1. Recently, the company's management board said that it is working on claims for compensation from the Polish state for its coal decision. What stage are the proceeding at and when will such claims be submitted to the relevant institutions?**

The law firm hired by the company is preparing a lawsuit based on analyses prepared by external experts who, in cooperation with the Company, are developing a case file based on submitted data on the Company's operations both during the period of the "coal decision" and thereafter. We expect the lawsuit to be filed in court before the end of 2025.

- 2. What is the status of the lawsuits against PLK for excessive infrastructure access fees? In your previous responses, you mentioned "analyzing" the possibilities. More than two months have passed, so I assume that everything has been thoroughly analyzed. Please provide an update.**

The Company has completed the analysis of the possibility of pursuing potential claims against PKP PLK S.A. Details of PKP CARGO S.A.'s position under restructuring in this matter are presented in Current Report No. 103/2025 of November 5, 2025.
